

## Shining Star

**Sam Thomas**

**Transportation & Activity Assistant**

*thank you!*

It was during her early years in Charleston that she discovered her passion for the great outdoors, especially surfing and swimming. This sense of adventure led her to Clemson, where she fell in love with biology and backpacking. Sam went on to work with adolescents facing mental and behavioral challenges. Witnessing the impacts she could make helped her realize her purpose in life is to help others. Sam loves doing crafts and reading during her downtime. When asked what her favorite thing is about working here, she replied “The residents! Working with people is what brought me here and it’s what keeps me around”.
