

Nancy Cuellar: My name is Nancy Cuellar, and I'm 77 years old. I've been here at Brook Ridge for three months. When I moved into Brook Ridge, I had sold [00:00:30] my house and it was coming to a whole new chapter of my life. It's a community, and I like being in this community.

Mirla Cuellar: We're really happy that she decided to come to a community like this because she lived by herself and we knew that something like this, she would be able to socialize and make new friends.

Nancy Cuellar: You have companionship if you want it. [00:01:00] So it's very good because when I was living in my house, I sat there alone a lot of times by myself. So I just wanted to get away from that and have my own life. I'm free to come and go as I please. I feel complete now.

Luis Serrano: Our mission is to provide the seniors in our community with a safe and happy place to call home. [00:01:30] We strive to provide a quality environment for them where they can succeed in making friends and becoming part of our family. The attributes that better define us are people, passion, excellence. People because our staff is what makes the biggest difference in the lives of our residents. The passion and dedication that they exhibit every day on a daily basis with our residents is unmatched. And excellence, that is the criteria that we have to provide all our services.

Stephen Eatman: [00:02:00] When residents come to us, it's typically because something in their life is challenging them holding onto their independence. So what we try to do is offer amenities that allow them to keep their independence, but make their lifestyle a lot easier. So that's our all day dining program, that's our 24 hour dedicated staff, transportation, all these other things that are going to help them keep their independence longer.

Nancy Cuellar: We have housekeeping. [00:02:30] The servers in the dining room are excellent. Everything's really nice here.

Mirla Cuellar: It is very important for her to have her independence in her senior years. Here at Brook Ridge, she's able to do that each and every day.
