

Lynette Henning: Name is Lynette Henning. I'm 91 years old and I've lived at The Continental almost six months. And favorite part about living at The Continental is I feel very much at home here. The activities, [00:00:30] very, very good activities. We go out to eat lunch once a month and they're optional. You can go if you want to go, or you don't have to go if you don't want to go, which is, I think probably the most important part for me.

Luis Serrano: Our mission is to provide the seniors in our community with a safe and happy place to call home. We strive to provide a quality environment for them, where they can succeed in making [00:01:00] friends and becoming part of our family. The attributes that better define us are people, passion and excellence. People because our staff is what makes the biggest difference in the lives of our residents. The passion and dedication that they exhibit every day on a daily basis with our residents is unmatched. And excellence, that's the criteria that we have to provide all our services, all the things that make the resident happy and feeling among family in our community.

Stephen Eatman: [00:01:30] When residents come to us, it's typically because something in their life is challenging them holding onto their independence. So what we try to do is offer amenities that allow them to keep their independence, but make their lifestyle life easier. That's our all day dining program, that's our 24 hour dedicated staff, transportation, all these other things that are going to help them keep their independence longer.

Lynette Henning: When I was looking for a retirement community, it was [00:02:00] important for me to find something that would fit my financial requirements, size requirements, amenities, and Continental did everything.

Latrell Sheaffer: Gosh, soon as I saw this place, I loved it and made the decision. But everything's so convenient here. It's just a blessing in disguise, really. I guess God's just been [00:02:30] leading me this way. And everything is just perfect here. I just rave over it to everybody. One of my friends that moved here said this is the happiest place she's seen.
