Wanda Hickerson: Well, first off, it's wonderful that I don't have to cook. I've been here almost two years and I think I've cooked two meals during that time. And, of course, the housekeeping is nice. [00:01:30] I don't have to worry about that. I love the swimming pool, and like I mentioned before, the water aerobics, that's a wonderful thing to have. And then we have the spa with the exercise, if you want to do that. My husband enjoys pool. And, like I said, we have a theater here that we can watch movies on or football games. I can't [00:02:00] say enough good things about The Verandah.

Speaker 1: At The Verandah, there are so many services and amenities to enjoy. Josie Digilia:

There's a calendar of events that just will blow your mind away because there's so many things to do and to take part in and to participate in. It's really, really wonderful being here. They have all of the things that you would [00:04:00] want in your own home, but you don't have to go out to get it. I recommend that they come and check us out and see what we have to offer. And I think that they will like being here because I like being here. This is home now
